

# UPPER MISSOURI RIVER BREAKS NATIONAL MONUMENT

## West Half Recreation Map

Map 1 - Side A  
Draft

### Legend

- Wild & Scenic River Boundary
- Wilderness Study Area
- County Boundary
- SURFACE OWNERSHIP:**
  - National Monument (BLM)
  - Other BLM
  - U.S. Forest Service
  - U.S. Fish and Wildlife Service
  - State
  - Private
- The BLM has no jurisdiction over State or Private Land.
- Potential Geological Interpretive Sites

- Level 1 - Developed Public Access Sites
- Level 2 - Developed Upland Sites or Boat Camps
- Level 3 - Primitive Camp Sites or Boat Camps

#### Upland Recreation Facilities

- Level 1 - Developed Public Access Sites.** Recreation sites where a high level of infrastructure development could include campsites, parking lots, vault toilets, interpretive signs, campground host facilities, tree plantings, picnic tables, waste facilities and other infrastructure improvements that accommodate the transition from highway to collector roads. Sites would be marked on a map.
- Level 2 - Developed Upland Sites.** Campsites, trailheads, scenic overlooks and reservoirs where moderate levels of infrastructure development could include metal fire rings, vault toilets, and improved gravel parking areas. Interpretive signs and information boards may be present but would be much less obtrusive than at Level 1 sites and would blend well with natural surroundings. Sites would be marked on a map.
- Level 3 - Primitive Campsites.** Pull-out sites immediately adjacent to a resource road that could contain a fire ring and minimal signing, but no other infrastructure.
- Level 4 - Dispersed camping opportunities.** This would be the utilization of public land in a natural state for dispersed, undeveloped camping. These areas may be accessible by motorized or non-motorized travel. There would be no infrastructure in these areas.

#### River Recreation Facilities

- Level 1 - Developed public access sites.** These sites are accessible by road with a full range of developments that could include parking lots, boat ramps, vault toilets, campsites for tents and RVs and picnic facilities.
- Level 2 - Developed boat camps.** These sites are accessible to the public only by boat. The sites could include vault toilets, metal fire rings and occasionally open-air shelters.
- Level 3 - Primitive boat camps.** These sites are accessible only by boat and could contain a metal fire ring. There are no other developments.
- Level 4 - Dispersed camping opportunities.** In addition to the developed sites described above, camping is permissible on any of the 90,000 acres of BLM land adjacent to the river. Absence of development allows opportunities for those seeking a completely primitive experience.
